## Application areas in sanitary facilities:

- > Commercial buildings
- > Public buildings
- > Restaurants / Hotels
- > Sports facilities

# Warm air hand dryer

## WHT

### Product information

#### WHT

Part number:	7000-70300
Colour:	pure white RAL 9010
Nominal power rating [kW]:	1.0
Supply voltage [1~ / N / PE 230 V AC]:	with plug
Nominal current [A]:	4.3
Motor output [W]:	1000
Noise level [dB]:	69
Air flow [l/sec]:	38
Relative drying time [sec]:	approx. 17
Electronic proximity switch:	✓
Safety temperature limiter:	✓
Safety cut-out sensor:	✓
Integrated mounting plate:	✓
Anti-theft cover plate:	✓
Air intake grille suitable for vacuum cleaning:	✓
Protection type:	IP 23
Weight with wall mount [kg]:	3.0
Dimensions (height × width × depth) [cm]:	30.4 × 26.8 × 18.2

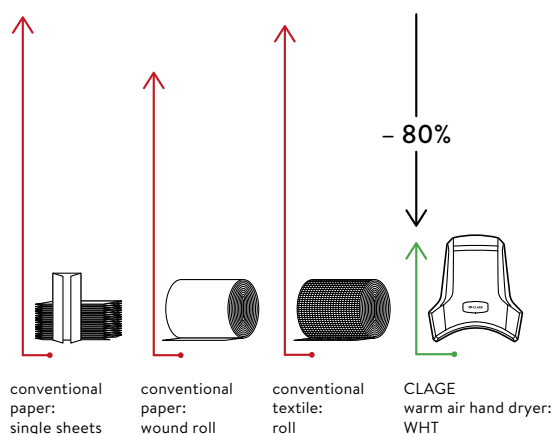

#### Description

- > Comfort air hand dryer for wash-room facilities
- > Touchless on/off function
- > Low noise level: max. 69 dB (A)
- > Safety shut-off after approx. 35 seconds continuous use (e.g. in the event of chewing gum vandalism)
- > The impact-resistant ABS case and the quiet, no-maintenance motor ensure a long service life
- > Easy, maintenance-friendly wall installation with integrated mounting plate (without having to open the unit)
- > Connecting cable (~25cm)
- > Connection terminal for fixed connection easily accessible by separate flap
- > Extremely economical operation
- > The air flow is heated by means of the waste heat from the engine in an energy-efficient manner
- > Air intake grille suitable for vacuum cleaning
- > Rating 1.0 kW 230 V (air flow: 38 l/s)
